1A. Continuum of Care (CoC) Identification

Instructions:

The fields on this screen are read only and reference the information entered during the CoC Registration process. Updates cannot be made at this time.

CoC Name and Number (From CoC Registration): IN-502 - Indiana Balance of State

CoC Lead Organization Name: Indiana Housing and Community Development Authority

Exhibit 1	Page 1	10/24/2008

1B. Continuum of Care (CoC) Primary Decision-Making Group

Instructions:

The following questions pertain to the primary decision-making group. The primary responsibility of this group is to manage the overall planning effort for the CoC, including, but not limited to, the following types of activities: setting agendas for full Continuum of Care meetings, project monitoring, determining project priorities, and providing final approval for the CoC application submission. This body is also responsible for the implementation of the CoC's HMIS, either through direct oversight or through the designation of an HMIS implementing agency. This group may be the CoC Lead Agency or may authorize another entity to be the CoC Lead Agency under its direction.

Name of primary decision-making group: InterAgency Council on Homelessness

Indicate the frequency of group meetings: Quarterly

Indicate the legal status of the group: Not a legally recognized organization

Specify "other" legal status:

Indicate the percentage of group members that represent the private sector: (e.g., non-profit providers, homeless or formerly homeless persons, advocates and consumer interests) 22%

* Indicate the selection process of group members: (select all that apply)

Elected:	
Assigned:	
Volunteer:	
Appointed:	X
Other:	

Specify "other" process(es):

Members of the Inter Agency Council are appointed by the Governor.

Briefly describe the selection process including why this process was established and how it works.

| Exhibit 1 | Page 2 | 10/24/2008 |

State agencies are the primary members of the Inter Agency Council. Each participating state agency appoints a person to serve on the Council. Additionally, four statewide homeless advocacy organizations are also appointed as partner agencies to serve the interests of those who are homeless. Other partner agencies serving on the council are federal agencies such as Housing and Urban Development and Social Security Administration. Appointment by the Governor ensures that ending homelessness is important to the state. This process was established to ensure that homelessness in the state was addressed comprehensively by all the key entities with the capacity, ability and resources.

* Indicate the selection process of group leaders:
(select all that apply):

Elected:	
Assigned:	
Volunteer:	
Appointed:	X
Other:	

Specify "other" process(es):

If HUD could provide administrative funds to the CoC, would the primary decision-making body, or its designee, have the capacity to be responsible for activities such as applying for HUD funding and serving as the grantee, providing project oversight, and monitoring? Explain.

The Indiana Housing and Community Development Authority (IHCDA) serves as the designee to the Inter Agency Council on Homelessness to apply for HUD funding. It has the capacity to apply, serve as a grantee, provide project oversight and monitor projects given the necessary administrative funds. Three IHCDA staff are currently responsible for many of the activities, including applying for HUD funding and providing some project oversight. The same staff are also responsible of monitoring other homeless programs in the state and have the experience to monitor and provide oversight for the projects. IHCDA receives and manages various federal and state funds including funding from HUD and has fiscal responsibility for these funds. For instance, IHCDA currently administers HOME, CDBG and HOPWA funds from the award phase to compliance and closeout.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: Homeless Task Force

Indicate the frequency of group meetings: Bi-monthly

Describe the role of this group:

One of the primary roles of the group is to develop the steps in implementing the state's plan to end homelessness.
- It coordinates the needs assessment for developing housing and other homeless resources.
- It is responsible for creating a plan for a pipeline for housing and related resources.
- It creates, publicizes and invites applications for new projects.
- This group is responsible for drafting policies to evaluate projects within the CoC.
- It evaluates new project proposals to make recommendations to the IAC.
- It coordinates the evaluation of projects to the CoC for McKinney- Vento funds.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: Data Advisory Group

Indicate the frequency of group meetings: Monthly or more

Describe the role of this group:

This is the primary group with the responsibility for data collection and monitoring data quality. The specific roles are:
- To develop HMIS policies and protocols.
- To provide support to the HMIS lead agency
- To plan and coordinate the Point In Time counts.
- To coordinate the assessment of data needs and uses.
- To coordinate, review and publish the statewide report on homelessness.

| Exhibit 1 | Page 5 | 10/24/2008 |

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: Indiana Permanent Supportive Housing Initiative Planning Group

Indicate the frequency of group meetings: Bi-monthly

Describe the role of this group:

IHCDA, the Department of Corrections, Members of the Mental Health Transformation Work group, and the Division of Mental Health and Addiction work together to develop a mix of housing and service funding. The agencies work with the Office of Medicaid Planning and Policy to identify funding gaps and develop alternative funding to fill gaps. IHCDA and the Corporation for Supportive Housing work with other state agencies, private foundations, and for profit organizations to leverage additional resources.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: Inter Agency Council on Homelessnes

Indicate the frequency of group meetings: Quarterly

Describe the role of this group:

The Inter Agency Council brings decision makers from state agencies and key stakeholders to improve coordination and collaboration to formulate a statewide response to homelessness. The specific roles are -
 - to promote coordination among state agencies and those who provide services to the homeless
 - to identify gaps in housing and services
 - to identify resources that can be used for the benefit of those who are homeless
 - to encourage full service provider participation in the statewide Continuum of Care Network

| Exhibit 1 | Page 6 | 10/24/2008 |

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: Transitions from Prisons to Communities Initiative - Working Group

Indicate the frequency of group meetings: Quarterly

Describe the role of this group:

This group's primary responsibility is developing the protocol for discharge planning from corrections. Additionally, the group works on housing and other work options for ex-offenders.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: Coalition for Affordable Housing

Indicate the frequency of group meetings: Quarterly

Describe the role of this group:

This planning group in Region 1 addresses homeless and affordable housing issues, plans new projects and priorities. It participates in the annual Homeward Bound homeless walk fundraising event for the region's homeless service providers.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

| Exhibit 1 | Page 7 | 10/24/2008 |

Name of Committee/Sub-Committee/Work Group: Home Team

Indicate the frequency of group meetings: Quarterly

Describe the role of this group:

This is a committee of the Region I CoC which coordinates the local PIT count and other data for the region.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: Continuum of Care Network Northwest

Indicate the frequency of group meetings: Bi-monthly

Describe the role of this group:

This group is the planning committee for Region IA that addresses current homeless issues, sets policies for the region and determines fund raising priorities.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: Region 2 Continuum of Care

Indicate the frequency of group meetings: Bi-monthly

Describe the role of this group:

This planning group for the region is responsible of reviewing and adopting the statewide plan to end chronic homelessness; develop local priorities based on the plan; and collect local data on homelessness.

Exhibit 1	Page 8	10/24/2008

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: Northeast Indiana Council on Housing and Homelessness

Indicate the frequency of group meetings: Quarterly

Describe the role of this group:

This is the planning body for Region 3 which guides the community's progress toward meeting the goals of the 10-year Plan; monitors local projects; and determines local priorities. The Steering Committee for the group is responsible for setting the agendas and coordinating the progress of its sub-committees.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: Homelessness Prevention and Intervention Network of West Central Indiana

Indicate the frequency of group meetings: Quarterly

Describe the role of this group:

This is the regional planning group for Region 4 that identifies service levels and gaps; assists in coordinating services; provides public education on homelessness and helps organize the collective homeless walk fundraiser.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

| Exhibit 1 | Page 9 | 10/24/2008 |

Name of Committee/Sub-Committee/Work Group: Howard County Council of Social Service Agencies

Indicate the frequency of group meetings: Bi-monthly

Describe the role of this group:

This planning group in Region 5 addresses local human service needs; understands gaps and trends around homelessness, housing and supportive services. It is also responsible for regional data collection and setting local priorities.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: Region 6 Continuum of Care Group

Indicate the frequency of group meetings: Quarterly

Describe the role of this group:

This planning group for Region 6 determines local project priorities and participates in the Homeward Bound homeless walk.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: Vigo County Homeless Coalition

Indicate the frequency of group meetings: Bi-monthly

Describe the role of this group:

This planning group in Region 7 focuses on developing additional permanent housing while determining local project priorities.

Exhibit 1	Page 10	10/24/2008

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: Boone County Social Service Network

Indicate the frequency of group meetings: Bi-monthly

Describe the role of this group:

This group from Region 8 is responsible for coordinating the local needs assessment and setting local priorities.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: South Central Housing Network

Indicate the frequency of group meetings: Bi-monthly

Describe the role of this group:

This is the lead entity for Region 10, provides oversight to the fundraising and family homeless subcommittees, and conducts the homeless count.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

| Exhibit 1 | Page 11 | 10/24/2008 |

Name of Committee/Sub-Committee/Work Group: Continuum of Care Committee

Indicate the frequency of group meetings: Quarterly

Describe the role of this group:

This group in Region 10 coordinates and provides oversight for the local CoC process including conducting project reviews.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: Region 11 Continuum of Care

Indicate the frequency of group meetings: Bi-monthly

Describe the role of this group:

This group addresses current local issues on homelessness, educates the public and coordinates the sub-committees on homeless persons with mental illness and ex-offender re-entry.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: Policy and Planning Council for Homeless Services

Indicate the frequency of group meetings: Bi-monthly

Describe the role of this group:

The group is the lead entity in Region 12 providing oversight for sub-committees on training, project evaluation, data/education, progress on the 10-year Plan, permanent supportive housing and discharge planning.

| Exhibit 1 | Page 12 | 10/24/2008 |

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: Southern Indiana Housing Initiative

Indicate the frequency of group meetings: Bi-monthly

Describe the role of this group:

The lead entity in Region 13 is responsible for local planning and prioritization and data collection.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: Richmond CoC

Indicate the frequency of group meetings: Monthly or more

Describe the role of this group:

The purpose of the CoC is to focus on re-entry, discharge from local State Hospital, permanent supportive housing, and revitalization of distressed neighborhoods.

| Exhibit 1 | Page 38 | 10/24/2008 |

1F. Continuum of Care (CoC) Housing Inventory--Change in Beds Available

For each housing type, indicate if there was an increase or reduction in the total number of beds in the 2008 electronic Housing Inventory Chart (e-HIC) as compared to the 2007 Housing Inventory Chart. If there was a change, please describe the reasons in the space provided for each housing type.

Emergency Shelter: Yes

Briefly describe the reasons for the change:

There is a slight difference between the 2007 HIC (amended with HUD in Dec07) and 2008 HIC (submitted in this app). The IN CoC took advantage of HUD technical assistance, better understood definitions/classifications, especially of DV beds, and improved our data. Please note that for our utilization chart, this number is not a complete representation of utilization at the point in time. We had much higher utilization, but did not have the data available in the way HUD has requested it. We will have this data in the way requested for 2009.

Safe Haven Bed: No

Briefly describe the reasons for the change:

No safe haven beds.

Transitional Housing: Yes

Briefly describe the reasons for the change:

There is a slight difference between the 2007 HIC (amended with HUD in Dec07) and 2008 HIC (submitted in this app). The IN CoC took advantage of HUD technical assistance, better understood definitions/classifications, especially of DV beds, and improved our data.

Permanent Housing: Yes

Briefly describe the reasons for the change, including changes in beds designated for chronically homeless persons:

There is a slight difference between the 2007 HIC (amended with HUD in Dec07) and 2008 HIC (submitted in this app). For singles, the number has decreased - we found as we contacted providers we had inaccurate information on their number of beds. For families, the number has almost doubled due to new permanent supportive housing coming online and improved data collection.

CoC certifies that all beds for homeless persons are listed in the e-HIC regardless of HMIS participation and HUD funding: Yes

| Exhibit 1 | Page 39 | 10/24/2008 |

1G. Continuum of Care (CoC) Housing Inventory Chart Attachment

Document Type	Required?	Document Description	Date Attached
Housing Inventory Chart	Yes	eHIC Chart - final	10/21/2008

Exhibit 1	Page 40	10/24/2008

Attachment Details

Document Description: eHIC Chart - final

| Exhibit 1 | Page 41 | 10/24/2008 |

1H. Continuum of Care (CoC) Housing Inventory Chart (HIC) - Data Sources and Methods

Instructions:

For additional instructions, refer to the detailed instructions available on the left menu bar.

Complete the following information based on data collection methods and reporting for the electronic Housing Inventory Chart (e-HIC), including Unmet need determination. The date on which the bed inventory was completed should be one day during the last ten days of January 2008.

Indicate the date on which the housing inventory count was completed: (mm/dd/yyyy)   01/23/2008

Indicate the type of data or methods used to complete the housing inventory count: (select all that apply)   HMIS plus housing inventory survey

Indicate the steps taken to ensure data accuracy for the Housing Inventory Chart: (select all that apply)   Instructions, Training, Updated prior housing inventory information, Follow-up, Confirmation, HMIS

Must specify other:

Indicate the type of data or method(s) used to determine unmet need: (select all that apply)   HUD unmet need formula, HMIS data

Specify "other" data types:

If more than one method was selected, describe how these methods were used.

HUD unmet need formula is used to determine the baseline of units needed by type. HMIS is used to confirm the accuracy of the available beds and unmet need.

Exhibit 1	Page 42	10/24/2008

2A. Homeless Management Information System (HMIS) Implementation

Intructions:

For additional instructions, refer to the detailed instructions available on the left menu bar.

CoCs should complete the following information in conjunction with the HMIS Lead Agency. All information is to be as of the date this application is submitted.

Select the HMIS implementation type: Statewide

Select the CoC(s) covered by the HMIS: (select all that apply) IN-500 - South Bend/Mishawaka/St. Joseph County CoC, IN-502 - Indiana Balance of State

Does the CoC Lead Organization have a written agreement with HMIS Lead Organization? Yes

If yes, the agreement (e.g., contract, Memorandum of Understanding, etc.) must be submitted with the application.

Is the HMIS Lead Organization the same as CoC Lead Organization? No

Has the CoC selected an HMIS software product? Yes

If "No" select reason:

If "Yes" list the name of the product: AWARDS (Affordable Wide-Area Relational Database System)

What is the name of the HMIS software company? Foothold Technology

Does the CoC plan to change HMIS software within the next 18 months? No

Is this an actual or anticipated HMIS data entry start date? Actual Data Entry Start Date

Indicate the date on which HMIS data entry started (or will start): (format mm/dd/yyyy) 06/01/2004

Indicate the challenges and barriers impacting the HMIS implementation: (select all the apply): No or low participation by non-HUD funded providers

If "None" was selected, briefly describe why CoC had no challenges or how all barriers were overcome:

Briefly describe the CoC's plans to overcome challenges and barriers:

| Exhibit 1 | Page 43 | 10/24/2008 |

-No or low participation by non-HUD funded providers:
Outreach to target populations (trustees, faith based organizations, etc)
Identify Funding Sources to pay for first user fee for homeless service providers
(Housing Trust Fund)

| Exhibit 1 | Page 44 | 10/24/2008 |

HMIS Attachment

Document Type	Required?	Document Description	Date Attached
HMIS Agreement	Yes	ICHHI & IHCDA HMI...	10/17/2008

Extension

Fax Number:
(Format: 123-456-7890) 317-361-4859

E-mail Address: hhintz@ichhi.org

Confirm E-mail Address: hhintz@ichhi.org

| Exhibit 1 | Page 48 | 10/24/2008 |

2D. Homeless Management Information System (HMIS) Bed Coverage

Instructions:

The 2005 Violence Against Women Act (VAWA) Reauthorization bill restricts domestic violence provider participation in HMIS unless and until HUD completes a public notice and comment process. Until the notice and comment process is completed, HUD does not require nor expect domestic violence providers to participate in HMIS. HMIS bed coverage rates are calculated excluding domestic violence provider beds from the universe of potential beds.

For each housing type, indicate the percentage of the CoC's total beds (bed coverage) in the HMIS.

* **Emergency Shelter (ES) Beds**	65-75%
* **Safe Haven (SH) Beds**	No beds in CoC
* **Transitional Housing (TH) Beds**	65-75%
* **Permanent Housing (PH) Beds**	76-85%

How often does the CoC review or assess its HMIS bed coverage?   Quarterly

If bed coverage is 0-64%, describe the CoC's plan to increase this percentage during the next 12 months:

NA

| Exhibit 1 | Page 49 | 10/24/2008 |

2E. Homeless Management Information System (HMIS) Data Quality

Instructions:

Where the collection of Social Security Numbers is not authorized by law, failure to collect this data element will not competitively disadvantage an application. Additionally, in lieu of the actual SSN, the response categories of "Don't Know" and "Refused" are considered valid response categories, per the HMIS Data and Technical Standards.

For additional instructions, refer to the detailed instructions available on the left menu bar.

Indicate the percentage of unduplicated client records with null or missing values on a day during the last ten days of January 2008.

Universal Data Element	Records with no values (%)	Records where value is refused or unknown (%)
* Social Security Number	0%	4%
* Date of Birth	0%	0%
* Ethnicity	0%	0%
* Race	0%	0%
* Gender	0%	0%
* Veteran Status	0%	10%
* Disabling Condition	6%	8%
* Residence Prior to Program Entry	2%	11%
* Zip Code of Last Permanent Address	0%	7%
* Name	0%	0%

Did the CoC or subset of the CoC participate in AHAR 3? No

Did the CoC or subset of the CoC participate in AHAR 4? Yes

How frequently does the CoC review the quality of client level data? Quarterly

How frequently does the CoC review the quality of program level data? Quarterly

Describe the process, extent of assistance, and tools used to improve data quality for participating agencies.

Exhibit 1	Page 50	10/24/2008

-Onsite training for new staff and as requested by agencies
-Regular attendance at Continuum Meetings for Follow-up
-Offsite support as needed through HMIS helpdesk, email, phone, GoToMeeting
-Quarterly Newsletter: Addresses Frequently asked questions and data quality issues
-User Group Phone Calls: Addresses FAQ, Data Quality, and Reports
-Minimum Annual Site Visit / Phone Call for each agency on key data quality issues.

Describe the existing policies and procedures used to ensure that valid program entry and exit dates are recorded in the HMIS.

-Entry Dates: Agencies must enter clients within 10 days or get a backdating permit. This reduces delayed entries and increases accuracy of data entered into the system.

-Exit Dates: Our HMIS system allows users to select a unit for each intake processed. If the unit is selected, it is not available on the intake until the client is discharged. This forces agencies to discharge clients prior to entering new clients. For supportive service programs, our organization is at the initial stages of developing policies to address exit dates. Informally, all supportive service programs with no units / beds will work with regional staff to identify the program's discharge policies. We are considering requiring supportive service organizations to submit a formal discharge policy and may consider assessing a service fee for organizations that are not compliant with their discharge policies.

| Exhibit 1 | Page 51 | 10/24/2008 |

2F. Homeless Management Information System (HMIS) Data Usage

Instructions:

For additional instructions, refer to the detailed instructions available on the left menu bar.

Indicate the frequency in which the CoC uses each of the following items:

Data integration/data warehousing to generate unduplicated counts: Never

Use of HMIS for point-in-time count of sheltered persons: Annually

Use of HMIS for point-in-time count of unsheltered persons: Never

Use of HMIS for performance assessment: Quarterly

Use of HMIS for program management: Quarterly

Integration of HMIS data with mainstream system: Never

| Exhibit 1 | Page 52 | 10/24/2008 |

2G. Homeless Management Information System (HMIS) Data and Technical Standards

Instructions:

For additional instructions, refer to the detailed instructions available on the left menu bar.

Indicate the frequency in which the CoC or HMIS Lead completes a compliance assessment for each of the following standards:

* Unique user name and password	**Annually**
* Secure location for equipment	Annually
* Locking screen savers	Annually
* Virus protection with auto update	Annually
* Individual or network firewalls	Annually
* Restrictions on access to HMIS via public forums	Annually
* Compliance with HMIS Policy and Procedures manual	Annually
* Validation of off-site storage of HMIS data	Annually

How often does the CoC assess compliance with HMIS Data and Technical Standards?	Annually
How often does the CoC aggregate data to a central location (HMIS database or analytical database)?	Quarterly
Does the CoC have an HMIS Policy and Procedures manual?	Yes
If 'Yes' indicate date of last review or update by CoC:	01/01/2008
If 'No' indicate when development of manual will be completed:	

| Exhibit 1 | Page 53 | 10/24/2008 |

2H. Homeless Management Information System (HMIS) Training

Instructions:

For additional instructions, refer to the detailed instructions available on the left menu bar.

Indicate the frequency in which the CoC or HMIS Lead offers each of the following training activities:

Privacy/Ethics training	Annually
Data Security training	Annually
Data Quality training	Quarterly
Using HMIS data locally	Quarterly
Using HMIS data for assessing program performance	Quarterly
Basic computer skills training	Monthly
HMIS software training	Monthly

Exhibit 1	Page 54	10/24/2008

2I. Continuum of Care (CoC) Point-in-Time Homeless Population

Instructions:

This section must be completed using statistically reliable, unduplicated counts or estimates of homeless persons in sheltered and unsheltered locations on a single night. HUD requires CoCs to conduct a point-in-time count at least every two years during the last 10 days of January - January 22nd to 31st - and requests that CoCs conduct a count annually if resources allow. The last required count was in January 2007. Data entered in this chart must reflect a point-in-time count that took place during the last 10 days of January in 2007 or 2008, unless a waiver was received by HUD.

There are six (6) categories of homeless populations on this form. They are:

Households with Dependent Children - Sheltered Emergency
Households with Dependent Children - Sheltered Transitional
Households with Dependent Children - Unsheltered

Households without Dependent Children - Sheltered Emergency
Households without Dependent Children - Sheltered Transitional
Households without Dependent Children - Unsheltered

For each category, the number of households must be less than or equal to the number of persons. For example, in Households with Dependent Children - Sheltered Emergency, the number entered for ?Number of Households? must be less than or equal to the number entered for ?Number of Persons (adults with children).?

For additional instructions, refer to the detailed instructions available on the left menu bar.

Indicate the date of the last PIT count: 01/25/2007

For each homeless population category, the number of households must be less than or equal to the number of persons.

	Households with Dependent Children			
	Sheltered		**Unsheltered**	**Total**
	Emergency	**Transitional**		
Number of Households	233	365	41	639
Number of Persons (adults and children)	682	1,082	152	1,916

	Households without Dependent Children			
	Sheltered		**Unsheltered**	**Total**
	Emergency	**Transitional**		
Number of Households	1,174	715	795	2,684
Number of Persons (adults and unaccompanied youth)	1,337	777	876	2,990

	All Households/ All Persons			
	Sheltered		**Unsheltered**	**Total**
	Emergency	**Transitional**		
Total Households	1,407	1,080	836	3,323

Exhibit 1	Page 55	10/24/2008

Indiana Housing and Community Development Authority			COC_REG_v10_000289	
Total Persons	2,019	1,859	1,028	4,906

Exhibit 1	Page 56	10/24/2008

2J. Continuum of Care (CoC) Point-in-Time Homeless Subpopulations

Instructions:

Enter the number of sheltered and unsheltered adults who belong in each subpopulation category. As in the Homeless Populations chart, this chart must be completed using data from a point-in-time count conducted during the last ten days of January 2007 or January 2008. Only adults should be included in the counts for this chart, except for the Unaccompanied Youth (those under age 18) category. Subpopulation data is required for sheltered persons and optional for unsheltered persons, with the exception of Chronically Homeless.

Complete the following information for the most recent point-in-time (PIT) count conducted using statistically reliable, unduplicated counts or estimates of homeless persons. Completion of the "Unsheltered" column is optional for all subpopulations, except for Chronically Homeless.

	Sheltered	Unsheltered	Total
* Chronically Homeless (Federal definition)	102	348	450
* Severely Mentally Ill	383	0	383
* Chronic Substance Abuse	936	0	936
* Veterans	222	0	222
* Persons with HIV/AIDS	30	0	30
* Victims of Domestic Violence	641	0	641
* Unaccompanied Youth (under 18)	60	0	60

| Exhibit 1 | Page 57 | 10/24/2008 |

2K. Continuum of Care (CoC) Sheltered Homeless Population & Subpopulation: Point-In-Time (PIT) Count

Instructions:

Separately calculate and enter the percentage of emergency shelter and transitional housing providers that provided data for the Homeless Population and Subpopulation charts. For example, if 9 out of 12 transitional housing programs provided point-in-time data, enter 75%. If all providers for a program type contributed data, enter 100%.

 For additional instructions, refer to the detailed instructions available on the left menu bar.

Annually (every year); Biennially (every other year); Semi-annually (every six months)

How often will the CoC conduct a PIT count?   Biennially

Enter the date in which the CoC plans to conduct its next annual point-in-time count: (mm/dd/yyyy)   01/29/2009

Indicate the percentage of providers supplying population and subpopulation data collected via survey, interview, and/or HMIS.

Emergency Shelter providers   65%

Transitional housing providers: 65%

| Exhibit 1 | Page 58 | 10/24/2008 |

2L. Continuum of Care (CoC) Sheltered Homeless Population and Subpopulation: Methods

Instructions:

Survey Providers:
Providers counted the total number of clients residing in each program on the night designated as the point-in-time count.

HMIS:
The CoC used HMIS to complete the point-in-time sheltered count.

Extrapolation:
The CoC used extrapolation techniques to estimate the number and characteristics of sheltered homeless persons from data gathered at most emergency shelters and transitional housing programs.

For additional instructions, refer to the detailed instructions available on the left menu bar.

Indicate the method(s) used to count sheltered homeless persons during the last point-in-time count:
(Select all that apply):

Survey Providers:	X
HMIS:	X
Extrapolation: **(Extrapolation attachment is required)**	
Other:	

If Other, specify:

Describe how the sheltered population data was collected and the count produced. Additionally, comparing your most recent point-in-time count to the last biennial/annual count, describe any factors that may have resulted in an increase, decline or no change in the sheltered count.

On January 25, 2007, homeless programs in the CoC reported their sheltered count via a web-based survey tool. Once the results were reported, the programs were cross-referenced with additional programs that collected data in the HMIS but did not report via the web-based survey. Any additional HMIS data was then combined to produce the count. From 2005 to 2007 there is a decrease in the households in transitional housing. The CoC has increased the amount of PSH in the CoC, which may be a reason for the small decrease in households in TH (almost 200 households less in 2007). The CoC continues to improve its data quality and assurance through technical assistance and trainings to the regional CoCs. Comparing 2005 and 2007 unsheltered numbers, there is a large decrease in the total number of households. We believe this is due to an improved methodology and better understanding of the definitions. In addition, HUD's guidance on PIT counts has improved our methodology.

| Exhibit 1 | Page 59 | 10/24/2008 |

2M. Continuum of Care (CoC) Sheltered Homeless Population and Subpopulation Data

Instructions:

HMIS:
Only HMIS used for subpopulation data on sheltered persons (no extrapolation for missing data).

HMIS plus extrapolation:
Extrapolation to account for missing HMIS data and HUD's extrapolation tool completed.

Sample of PIT interviews plus extrapolation:
Interviews conducted with a random or stratified sample of sheltered adults and unaccompanied youth and appropriate HUD extrapolation tool completed.

Interviews:
Interviews conducted with every person staying in an emergency shelter or transitional housing program on the night of the point-in-time count.

Non-HMIS client level information:
 Providers used individual client records to provide subpopulation data for each sheltered adult and unaccompanied youth for the night of the point-in-time count.

Other:
CoC used a combination of methods.

For additional instructions, refer to the detailed instructions available on the left menu bar.

**Indicate the method(s) used to gather and calculate subpopulation data on sheltered homeless persons
(select all that apply):**

HMIS	X
HMIS plus extrapolation:	
Sample of PIT interviews plus extrapolation: (PIT attachment is required)	X
Sample Strategy:	
Provider Expertise:	
Non-HMIS client level information:	
None:	
Other:	

If Other, specify:

Describe how the sheltered subpopulation data was collected and the count produced. Additionally, comparing your most recent point-in-time count to the last biennial/annual count, describe any factors that may have resulted in an increase, decline or no change in the sheltered subpopulation counts, particularly the chronically homeless count.

Exhibit 1	Page 60	10/24/2008

The point in time count included a specific section where each homeless program could record the various homeless subpopulations. This information was cross-referenced with the programs reporting in HMIS that didn't report via the web-based survey tool. Any additional subpopulations data from the HMIS was then combined to produce the subpopulation information. In comparing 2005 and 2007, the subpopulations charts are very different. We believe that our improved methodology, coupled with better HMIS and count methods, resulted in a more accurate reflection of subpopulations in 2007.

| Exhibit 1 | Page 61 | 10/24/2008 |

2N. Continuum of Care (CoC) Sheltered Homeless Population and Subpopulation: Data Quality

Instructions:

For additional instructions, refer to the detailed instructions available on the left menu bar.

Indicate the steps used to ensure the data quality of the sheltered persons count:
(select all that apply)

Instructions:	X
Training:	X
Remind/Follow-up	X
HMIS:	X
Non-HMIS de-duplication techniques:	
None:	
Other:	

If Other, specify:

Describe the non-HMIS de-duplication techniques (if Non-HMIS de-duplication was selected):

Exhibit 1	Page 62	10/24/2008

2O. Continuum of Care (CoC) Unsheltered Homeless Population and Subpopulation: Methods

Instructions:

Public places count:
Count conducted based on observation of unsheltered persons without interviews

Public places count with interviews:
 Interviewed either all unsheltered persons encountered during public places count or a sample

Service-based count:
Counted homeless persons using non-shelter services based on interviews.

HMIS:
 HMIS used to collect, analyze or report data on unsheltered persons.

For additional instructions, refer to the detailed instructions available on the left menu bar.

Indicate the method(s) used to count unsheltered homeless persons: (select all that apply)

Public places count:	
Public places count with interviews:	X
Service-based count:	
HMIS:	
Other:	

If Other, specify:

| Exhibit 1 | Page 63 | 10/24/2008 |

2P. Continuum of Care (CoC) Unsheltered Homeless Population and Subpopulation - Level of Coverage

Instructions:

Complete coverage:
Every part of a specified geography (e.g. entire city, downtown area, etc.) is covered by enumerators.

Known locations:
Counting in areas where unsheltered homeless people are known to congregate or live.

Combination:
Conducting counts for every block in a portion of the jurisdiction (e.g. central city) AND conducting counts in other portions of the jurisdiction where unsheltered persons are known to live.

For additional instructions, refer to the detailed instructions available on the left menu bar.

Indicate the level of coverage of the PIT count Known Locations
of unsheltered homeless people:

If Other, specify:

| Exhibit 1 | Page 64 | 10/24/2008 |

2Q. Continuum of Care (CoC) Unsheltered Homeless Population and Subpopulation - Data Quality

Instructions:

For additional instructions, refer to the detailed instructions available on the left menu bar.

Indicate the steps used by the CoC to ensure the data quality of the unsheltered persons count.
(select all that apply)

Training:	X
HMIS:	
De-duplication techniques:	
Other:	

If Other, specify:

Describe the techniques used to reduce duplication.

Respondents were asked if they had been surveyed previously.

Describe the CoCs efforts, including outreach plan, to reduce the number of unsheltered homeless households with dependent children.

The IN CoC in 2007 showed only 41 unsheltered families in the State. In each regional CoC, the planning body discusses and implements appropriate strategies to ensure all families receive shelter in their area. These strategies include rapidly moving families to affordable, permanent housing; utilizing emergency motel/hotel vouchers; providing access for transportation to emergency shelter; and working with school points of contact to identify homeless children and provide resources quickly.

Describe the CoCs efforts to identify and engage persons routinely sleeping on the streets and other places not meant for human habitation. Additionally, comparing your most recent point-in-time count to the last biennial/annual count, describe any factors that may have resulted in an increase, decline or no change in the unsheltered population (especially the chronically homeless and families with children).

The IN CoC in 2007 showed 795 unsheltered single households in the State. In each regional CoC, the planning body discusses and implements appropriate strategies to ensure all persons receive shelter in their area. These strategies include providing transportation to emergency shelter; utilizing homeless, ACT, and PATH outreach teams to identify and engage persons; and providing linkages with institutions such as hospital emergency rooms to contact outreach teams immediately for shelter/housing. From 2007 to 2005, the unsheltered singles count changed greatly (from 1238 in 2005 to 795 in 2007). We believe this is due to better data collection and quality, additional training and technical assistance, better methodology and clearer definitions, and increased permanent supportive housing availability.

3A. Continuum of Care (CoC) 10-Year Plan, Objectives and Action Steps

Click on the icon and add requested information for each of the national objectives.

Objective
Create new PH beds for chronically homeless persons
Increase percentage of homeless persons staying in PH over 6 months to at least 71.5%
Increase percentage of homeless persons moving from TH to PH to at least 63.5%
Increase percentage of homeless persons employed at exit to at least 19%
Decrease the number of homeless households with children

| Exhibit 1 | Page 69 | 10/24/2008 |

CoC 10-Year Plan, Objectives and Action Steps Detail

Instructions:

Provide local action steps and measurable achievements for attaining each of the five national HUD objectives listed, as part of the goal to end chronic homelessness and help to move families and individuals into permanent housing.

For additional instructions, refer to the detailed instructions available on the left menu bar.

Select Objective: Create new PH beds for chronically homeless persons

Objectives to End Chronic Homelessness and Move Families and Individuals to Permanent Housing

2008 Local Action Steps
List local action steps for attaining this objective within the next 12 months. Also, in the "Lead Person" column, identify the title of one person responsible for accomplishing each action step and the organization which they represent.

		Lead Person
Action Step 1	Implement the state's Permanent Supportive Housing Initiative to fund 120 units of supportive housing. $2.5M will be allocated to fund permanent housing for chronically homeless.	Rodney Stockment, IHCDA
Action Step 2	Fund, support and train 10 groups to develop and operate supportive housing through the Supportive Housing Institute. The Institute will assist 4-6 organizations to develop housing, and provide project initiation and pre-development loans	Lori Philips-Steele, CSH
Action Step 3	Develop and implement the Samaritan project to serve 40 chronically homeless in key areas of the state.	Rodney Stockment, IHCDA

Proposed Numeric Achievements

	%/Beds/Households
Baseline (Current Level)	210
Numeric Achievement in 12 months	270
Numeric Achievement in 5 years	400
Numeric Achievement in 10 years	600

CoC 10-Year Plan, Objectives and Action Steps Detail

Instructions:

Exhibit 1	Page 70	10/24/2008

Provide local action steps and measurable achievements for attaining each of the five national HUD objectives listed, as part of the goal to end chronic homelessness and help to move families and individuals into permanent housing.

For additional instructions, refer to the detailed instructions available on the left menu bar.

Select Objective: Increase percentage of homeless persons staying in PH over 6 months to at least 71.5%

Objectives to End Chronic Homelessness and Move Families and Individuals to Permanent Housing

2008 Local Action Steps
List local action steps for attaining this objective within the next 12 months. Also, in the "Lead Person" column, identify the title of one person responsible for accomplishing each action step and the organization which they represent.

		Lead Person
Action Step 1	100% of BOS CoC applicants will be trained in housing retention, asset-based case manangement; develop best practices service models; and ongoing technical assistance	Lori Philips-Steele, CSH
Action Step 2	200 Housing Choice Vouchers will be project-based for long-term and chronically homeless households	Robin Lovelace, IHCDA
Action Step 3	100 % of new PH projects will implement the Corporation for Supportive Housing's dimensions of quality to improve service standards and housing retention.	Rodney Stockment, IHCDA

CoC 10-Year Plan, Objectives and Action Steps Detail

Instructions:

Provide local action steps and measurable achievements for attaining each of the five national HUD objectives listed, as part of the goal to end chronic homelessness and help to move families and individuals into permanent housing.

For additional instructions, refer to the detailed instructions available on the left menu bar.

| Exhibit 1 | Page 71 | 10/24/2008 |

Select Objective: Increase percentage of homeless persons moving from TH to PH to at least 63.5%

Objectives to End Chronic Homelessness and Move Families and Individuals to Permanent Housing

2008 Local Action Steps
List local action steps for attaining this objective within the next 12 months. Also, in the "Lead Person" column, identify the title of one person responsible for accomplishing each action step and the organization which they represent.

		Lead Person
Action Step 1	Provide funding for housing placement and rent support for 120 units of supportive housing through the Indiana Permanent Supportive Housing Initiative.	Rodney Stockment, IHCDA
Action Step 2	Provide increased access for homeless persons to affordable housing through the 25% set-aside of the Neighborhood Stabilization funds for persons below 50% AMI. Approximately $18,000,000 will be used to provide housing for homeless individuals throughout the State.	Rodney Stockment, IHCDA
Action Step 3	Provide increased access to affordable housing opportunities through the use of $5,000,000 of the State's Housing Trust Fund	Sherry Seiwert, IHCDA

Proposed Numeric Achievements

3B. Continuum of Care (CoC) Discharge Planning Protocols: Level of Development

Instructions:

Pursuant to the McKinney-Vento Act, to the maximum extent practicable, persons dicharged from publicly funded institutions or systems of care should not be discharged into homelessness. For each system of care, the CoC should indicate the level of development for its discharge planning policy.

For additional instructions, refer to the detailed instructions available on the left menu bar.

Foster Care Discharge Protocol: Formal Protocol Implemented

Health Care Discharge Protocol: Protocol in Development

Mental Health Discharge Protocol: Formal Protocol Implemented

Corrections Discharge Protocol: Formal Protocol Implemented

Exhibit 1	Page 75	10/24/2008

3C. Continuum of Care (CoC) Discharge Planning Protocols: Narratives

For each system of care describe the discharge planning protocol. For addtional instructions, refer to the detailed instructions available on the left menu bar.

Foster Care Discharge
For Protocol Implemented, provide a summary of the formal and specific protocol, plan, process or policy that has been agreed upon.

Must attach protocol copy. Go to 3D.Discharge Planning Attachments page

The Chafee Plan is the basis for Indiana's protocol for implementing the Foster Care Independence Act of 1999. Components of the Indian Plan address Independent Living Services for youth. The Division of Child Services conducts a comprehensive independent living assessment to identify areas of strength and challenges for youth age 14 to 18. Services provided include financial, housing, mentoring, counseling, employment, education, and other appropriate support to ensure youth live as healthy, productive and self-sufficient adults.

Health Care Discharge
For Protocol in Development, indicate the collaborating agencies/partners, the estimated date of implementation, and a brief description of the protocol being developed.

The Indiana Department of Health has a formal discharge p developing a set of recommendations for an integrated, statewide discharge policy. The Interagency Council approved a set of recommendations in 2007. The Indiana Department of Health is represented on the Interagency Council.
The current discharge policy in place is as follows:
The Bureau of Quality Improvement Services is responsible for ensuring that individuals transition from state operated facilities, large private ICF, MR settings and nursing homes into a community smoothly. The process includes a minimum of one pre-transition visit and two post-transition visits. Individuals are also surveyed six months after transition regarding residential and support services. The CoC is currently working with local jurisdictions to develop appropriate discharge policies for health care systems.

Mental Health Discharge
For Protocol Implemented, provide a summary of the formal and specific protocol, plan, process or policy that has been agreed upon.

Must attach protocol copy. Go to 3D.Discharge Planning Attachments page

| Exhibit 1 | Page 76 | 10/24/2008 |

The Indiana Department of Mental Health has a formal discharge policy that it currently implements as described below. However, beginning late 2006, the Interagency Council began developing a set of recommendations for an integrated, statewide discharge policy. The Interagency Council approved a set of recommendations in 2007. The Indiana Department of Mental Health is represented on the Interagency Council.

The current discharge policy is -

The Division of Mental Health and Addiction requires that the admitting mental health center remain involved in the treatment and discharge planning of individuals placed in state operated facilities. Facility staff, in conjunction with the consumer, develop the plan to ensure that the individual is not released into homelessness.

The formal protocol being implemented for individuals being discharged from the State Institutions of Care is under statute IC 12-21-2-3. Additionally, the Indiana Family and Social Services Administration Division of Mental Health and Addiction's discharge policy is being implemented since 2004.

Corrections Discharge

For Formal Protocol Implemented, provide a summary of the formal and specific protocol, plan, process or policy that has been agreed upon.

Must attach protocol copy. Go to 3D.Discharge Planning Attachments page

The Indiana Department of Corrections has a formal discharge policy that it currently implements as described below. The Indiana Department of Corrections is represented on the Interagency Council.

The CoC staff continues to work closely with representatives from the Indiana Department of Corrections to develop protocols to ensure that individuals being released from correctional facilities are not discharged into homelessness. The senior executives will be participating in a Midwest Forum on re-entry on October 15, 2008. Sessions at the forum will discuss innovative solutions to ending the cycle of incarceration and homelessness through 'inreach' programs for linking people exiting corrections to the housing and supports they need.

The current discharge protocol is -

The Department of Corrections requires case managers to develop individualized Re-Entry Accountability Plans that outline and coordinate the delivery of services necessary to ensure successful transition from incarceration to a community. Services include, but are not limited to: 1) enrollment in Medicaid, Food Stamps, TANF, and SSI; 2) issuance of birth certificates and BMV identification; 3) participation in workforce development programs; 4) limited rental assistance; and 5) referral to other community services.

Exhibit 1	Page 79	10/24/2008

3E. Continuum of Care (CoC) Coordination

CoCs should coordinate, as appropriate, with any existing strategic planning groups to assess the local homeless system and identify shortcomings and unmet needs. Answer the following questions regarding coordination in the CoC.

Does the CoC's Consolidated Plan include the CoC strategic plan goals to address homelessness and chronic homelessness?

Yes

If yes, briefly list a few of the goals included in the Consolidated Plan:

The Consolidated Plan has an extensive section on addressing homelessness and chronic homelessness. The primary goal remains to reduce homelessness and increasing housing stability for special needs populations. The specific goals are -
1) To create 500 units of supportive housing over the next three years through the Indiana Supportive Housing Initiative.
2) Project base 20% (775 vouchers) of State Section 8 Housing Choice Voucher Program for permanent supportive housing projects over the next three years.

Within the CoC's geographic area, is one or more jurisdictional 10-year plan(s) being developed or implemented (separate from the CoC 10-year plan)?

Yes

Does the 10-year plan include the CoC strategic plan goals to address homelessness and chronic homelessness?

Yes

If yes, briefly list a few of the goals included in the 10-year plan(s):

Regional CoCs in the Indiana Balance of State CoC have developed 10-year plans to align with the State's Plan. The key goals in the plans are:
(If numerical goals are indicated, the CoC is referenced, otherwise the goals are common to the regions)
- Expand the range and availability of homeless prevention strategies;
- Prevent homelessness by providing referrals through 211 service; (NE Indiana);
- Increase housing and services to move clients out of shelters in a timely manner to establish long-term housing;
- Developing a "Housing First" program for 750 households (Evansville);
- Increase the stock of affordable housing to those below 30% AMI;
- Develop 500 units of SRO housing (Evansville);
- Increase opportunities for low-skill workers to get the skills and employment to earn a living wage;
- Maximize access and resources to mainstream supports through coordinated services;
- Increase utilization of existing programs for enrolling individuals into mainstream resources.

| Exhibit 1 | Page 80 | 10/24/2008 |

3F. Hold Harmless Need (HHN) Reallocation

Instructions:

CoC's that are in Hold Harmless Need status may choose to eliminate or reduce one or more of their SHP grants eligible for renewal in the 2008 CoC competition. CoC's may reallocate the funds made available through this process to create new permanent housing projects or HMIS. Reallocation projects may be SHP (1, 2, or 3 years), SPC (5 years) or Section 8 SRO (10 years). CoC's that are in Preliminary Pro Rate Need (PPRN) status are not eligible to reallocate projects. Reallocated funds cannot be used for Samaritan Housing project(s).

Refer to the NOFA for addtional guidance on reallocating projects.

Is the CoC reallocating funds from one or more expiring renewal grant(s) to one or more new project(s)?   No

CoC's that are in Preliminary Pro Rata Need (PPRN) status are not eligible to reallocate projects.

Exhibit 1	Page 81	10/24/2008

4A. Continuum of Care (CoC) 2007 Achievements

Instructions:

For the five HUD national objectives in the 2007 CoC application, enter the 12-month numeric achievements that you provided in Exhibit 1, Chart N of the 2007 CoC application in the first column, "Proposed 12-Month Achievement". Under "Actual 12-Month Achievement" enter the numeric achievement that you CoC attained within the past 12 months that is directly related to the relevent national objective.

Objective	Proposed 12-Month Achievement (number of beds or percentage)		Actual 12-Month Achievement (number of beds or percentage)	
Create new PH beds for CH	194	Beds	210	Beds
Increase percentage of homeless persons staying in PH over 6 months to at least 71%	73	%	80	%
Increase percentage of homeless persons moving from TH to PH to at least 61.5%	68	%	73	%
Increase percentage of homeless persons employed at exit to at least 18%	39	%	42	%
Ensure that the CoC has a functional HMIS system	65	%	73	%

Exhibit 1	Page 82	10/24/2008

4B. Continuum of Care (CoC) Chronic Homeless Progress

Complete the following fields using data from the last point-in-time (PIT) count and housing inventory count. For additional instructions, refer to the detailed instructions available on the left menu bar.

Indicate the total number of chronically homeless persons and total number of permanent housing beds designated for the chronically homeless persons in your CoC for each year

Year	Number of CH Persons	Number of PH beds for the CH
2006	1,491	83
2007	450	145
2008	450	210

Indicate the number of new PH beds in place and made available for occupancy for the chronically homeless between February 1, 2007 and January 31, 2008   65

Identify the amount of funds from each funding source for the development and operations costs of the new CH beds created between February 1, 2007 and January 31, 2008.

Cost Type	HUD McKinney-Vento	Other Federal	State	Local	Private
Development	$0	$0	$0	$0	$0
Operations	$2,363,880	$0	$0	$0	$0
Total	$2,363,880	$0	$0	$0	$0

| Exhibit 1 | Page 83 | 10/24/2008 |

4C. Continuum of Care (CoC) Housing Performance

Using data from the most recently submitted APRs for each of the projects within the CoC, provide information about the CoCs progress in reducing homelessness by helping clients move to and stabilize in permanent housing.

Participants in Permanent Housing (PH)	
a. Number of participants who exited permanent housing project(s)	74
b. Number of participants who did not leave the project(s)	239
c. Number of participants who exited after staying 6 months or longer	50
d. Number of participants who did not exit after staying 6 months or longer	199
e. Number of participants who did not leave and were enrolled for 5 months or less	29
TOTAL PH (%)	80

Participants in Transitional Housing (TH)	
a. Number of participants who exited TH project(s), including unknown destination	448
b. Number of participants who moved to PH	326
TOTAL TH (%)	73

| Exhibit 1 | Page 84 | 10/24/2008 |

4D. Continuum of Care (CoC) Enrollment in Mainstream Programs and Employment Information

Using data from the most recently submitted APRs for each of the projects within the CoC, provide information about the CoCs progress in reducing homelessness by helping clients access mainstream services and gain employment.

Total Number of Exiting Adults: 1,629

Mainstream Program	Number of Exiting Adults	Exit Percentage (Auto-calculated)	
SSI	435	27	%
SSDI	147	9	%
Social Security	8	0	%
General Public Assistance	7	0	%
TANF	126	8	%
SCHIP	93	6	%
Veterans Benefits	22	1	%
Employment Income	691	42	%
Unemployment Benefits	10	1	%
Veterans Health Care	8	0	%
Medicaid	419	26	%
Food Stamps	716	44	%
Other (Please specify below)	156	10	%
Various			
No Financial Resources	476	29	%

The percentage values are automatically calculated by the system when you click the "save" button.

Exhibit 1	Page 85	10/24/2008

4E. Continuum of Care (CoC) Participation in Energy Star and Section 3 Employment Policy

Instructions:

HUD promotes energy-efficient housing. All McKinney-Vento funded projects are encouraged to purchase and use Energy Star labeled products. For information on Energy Star initiative go to: http://www.energystar.gov

A "Section 3 business concern" is one in which: 51% or more of the owners are section 3 residents of the area of service; or at least 30% of its permanent full-time employees are currently section 3 residents of the area of service, or within three years of their date of hire with the business concern were section 3 residents; or evidence of a commitment to subcontract greater than 25% of the dollar award of all subcontracts to businesses that meet the qualifications in the above categories is provided. The "Section 3 clause" can be found at 24 CFR Part 135.

Has the CoC notified its members of the Energy Star Initiative?

Are any projects within the CoC requesting funds for housing rehabilitation or new construction?

| Exhibit 1 | Page 86 | 10/24/2008 |

4F. Continuum of Care (CoC) Enrollment and Participation in Mainstream Programs

Does the CoC systematically analyze the APRs for its projects to assess and improve access to mainstream programs?   Yes

If 'Yes', describe the process and the frequency that it occurs.

The CoC and staff review all APRs for projects annually as well as prior to submission to HUD. The annual review is conducted by the CoC's Homeless Task Force. All the projects are reviewed and evaluated for their ability to provide access to mainstream resources and increase housing stability.
The CoC's regional groups provide ongoing training and support on mainstream programs for the project staff. This is to ensure that the case managers and direct service staff are informed about the mainstream programs and kept apprised of changes to them.

Does the CoC have an active planning committee that meets at least 3 times per year to improve CoC-wide participation in mainstream programs?   Yes

If "Yes", indicate all meeting dates in the past 12 months.

The Indiana Interagency Council has as a major goal the integration of discharge planning from various state institutions and has worked on a set of recommendations.
In the past 12 months, the group has met on the following dates for planning purposes -
5/3/07
9/26/07
11/28/07
1/30/08
5/28/08
8/20/08

Does the CoC coordinate with the State Interagency Council on Homelessness to reduce or remove barriers to accessing mainstream services?   Yes

Does the CoC and/or its providers have specialized staff whose primary responsibility is to identify, enroll, and follow-up with homeless persons on participation in mainstream programs?   Yes

If yes, identify these staff members   Provider Staff

Does the CoC systematically provide training on how to identify eligibility and program changes for mainstream programs to provider staff.   Yes

If "Yes", specify the frequency of the training.   Semi-annually

| Exhibit 1 | Page 87 | 10/24/2008 |

Does the CoC uses HMIS to screen for benefit No
eligibility?

> **If "Yes", indicate for which mainstream programs HMIS completes screening.**

Has the CoC participated in SOAR training? Yes

> **If "Yes", indicate training date(s).**

Members of the CoC's have participated in SOAR training in different regions of the state. In 2008, the CoC partnered with the state Department of Mental Health and Addiction to provide the trainings. Specific training dates and locations are:

```
South Bend      12/5-6/06
Indianapolis    10/30-31/07
Jeffersonville  2/27-28/07
Fort Wayne      5/21-22/07
Bloomington     4/24-25/08
Lafayette       5/10-11/08
South Bend      3/4-5/08
Evansville      6/4-5/08
```

Exhibit 1	Page 88	10/24/2008

4G: Homeless Assistance Providers Enrollment and Participation in Mainstream Programs

Indicate the percentage of homeless assistance providers that are implementing the following activities:

Activity	Percentage
1. Case managers systematically assist clients in completing applications for mainstream benefits. **1a. Describe how service is generally provided:**	100%
Case managers in the regional CoCs use the State's Voluntary Community Access Network, through which the case managers can assist clients in completing benefits applications online as well as by phone. Case managers also use Family Social Service Administration local offices to help clients apply for benefits. Case managers are also trained through SOAR.	
2. Homeless assistance providers supply transportation assistance to clients to attend mainstream benefit appointments, employment training, or jobs.	72%
3. Homeless assistance providers use a single application form for four or more mainstream programs: **3.a Indicate for which mainstream programs the form applies:**	100%
The State of IN has a single application through Voluntary Community Access Network's. Applications are online and through phone application for TANF, FoodStamps, Medicaid, Hoosier Healthwise.	
4. Homeless assistance providers have staff systematically follow-up to ensure mainstream benefits are received.	100%
4a. Describe the follow-up process:	
The staff follow up with the clients within 30 days of filing the applications. Providers can also call representatives of the Family and Social Services Administration to followup when there are delays or questions regarding their client applications.	

| Exhibit 1 | Page 89 | 10/24/2008 |

Questionnaire for HUD's Initiative on Removal of Regulatory Barriers (HUD 27300)

Complete Part A if the CoC Lead Agency is a local jurisdiction (a county exercising land use and building regulatory authority and another applicant type applying for projects located in such jurisdiction or county (collectively or jurisdiction).

Complete Part B if the CoC Lead Agency is a State agency, department, or other applicant for projects located in unincorporated areas or areas otherwise not covered in Part A.

**Indicate the section applicable to the CoC   Part B
Lead Agency:**

| Exhibit 1 | Page 90 | 10/24/2008 |

Part B - Page 1

State Agencies and Departments or Other Applicants for Projects Located in Unincorporated Areas or Areas Otherwise Not Covered in Part A

1. Does your state, either in its planning and zoning enabling legislation or in any other legislation, require localities regulating development have a comprehensive plan with a "housing element?" If you select No, skip to question 4.	No
2. Does your state require that a local jurisdiction?s comprehensive plan estimate current and anticipated housing needs, taking into account the anticipated growth of the region, for existing and future residents, including low, moderate, and middle income families, for at least the next five years?	No
3. Does your state's zoning enabling legislation require that a local jurisdiction's zoning ordinance have a) sufficient land use and density categories (multifamily housing, duplexes, small lot homes and other similar elements); and, b) sufficient land zoned or mapped in these categories, that can permit the building of affordable housing that addresses the needs identified in the comprehensive plan?	No
4. Does your state have an agency or office that includes a specific mission to determine whether local governments have policies or procedures that are raising costs or otherwise discouraging affordable housing?	No
5. Does your state have a legal or administrative requirement that local governments undertake periodic self-evaluation of regulations and processes to assess their impact upon housing affordability address these barriers to affordability?	No
6. Does your state have a technical assistance or education program for local jurisdictions that includes assisting them in identifying regulatory barriers and in recommending strategies to local governments for their removal?	No
7. Does your state have specific enabling legislation for local impact fees? If No, skip to question 9.	No
8. If you responded Yes to question 7, does the state statute provide criteria that sets standards for the allowable type of capital investments that have a direct relationship between the fee and the development (nexus) and a method for fee calculation?	No
9. Does your state provide significant financial assistance to local governments for housing, community development and/or transportation that includes funding prioritization or linking funding on the basis of local regulatory barrier removal activities?	No

| Exhibit 1 | Page 91 | 10/24/2008 |

Part B - Page 2

10. Does your state have a mandatory state-wide building code that a) does not permit local technical amendments and b) uses a recent version (i.e. published within the last five years or, if no recent version has been published, the last version published) of one of the nationally recognized model building codes (i.e. the International Code Council (ICC), the Building Officials and Code Administrators International (BOCA), the Southern Building Code Congress International (SBCI) the International Conference of Building Officials (ICBO), the National Fire Protection Association (NFPA)) without significant technical amendment or modification? Alternatively, if the state has made significant technical amendment to the model code, can the state supply supporting data that the amendments do not negatively impact affordability?	No
11. Has your jurisdiction adopted specific building code language regarding housing rehabilitation that encourages such rehabilitation through gradated regulatory requirements applicable as different levels of work are performed in existing buildings? Such code language increases regulatory requirements (the additional improvements required as a matter of regulatory policy) in proportion to the extent of rehabilitation that an owner/developer chooses to do on a voluntary basis. For further information see HUD publication: "Smart Codes in Your Community: A Guide to Building Rehabilitation Codes" at http://www.huduser.org/publications/destech/smartcodes.html.	No
12. Within the past five years has your state made any changes to its own processes or requirements to streamline or consolidate the state?s own approval processes involving permits for water or wastewater, environmental review, or other State-administered permits or programs involving housing development. If yes, briefly describe.	No
13. Within the past five years, has your state (i.e., Governor, legislature, planning department) directly or in partnership with major private or public stakeholders, convened or funded comprehensive studies, commissions, or panels to review state or local rules, regulations, development standards, and processes to assess their impact on the supply of affordable housing?	No
14. Within the past five years, has the state initiated major regulatory reforms either as a result of the above study or as a result of information identified in the barrier component of the states Consolidated Plan submitted to HUD? If yes, briefly describe.	No
15. Has the state undertaken any other actions regarding local jurisdiction?s regulation of housing development including permitting, land use, building or subdivision regulations, or other related administrative procedures? If yes, briefly list these actions.	No

| Exhibit 1 | Page 92 | 10/24/2008 |

Continuum of Care (CoC) Project Listing

Instructions:

To upload all Exhibit 2 applications that have been submitted to this CoC, click on the "Update List" button. This process may take several hours depending on the size of the CoC, however the CoC can either work on other parts of Exhibit 1 or it can log out of e-snaps and come back later to view the updated list. To rank a project, click on the icon next to each project to view project details.

For additional instructions, refer to the 2008 Project Listing Instructions on the left-hand menu bar.
